

Virtual Practice Management

What Is Virtual Practice Management and why should I use it?

Driving growth and profitability of your Practice takes more than great customer service.

Practice Partners' Virtual Practice Management (VPM) service allows *you* to focus on **patient care**, while *we* focus on building **Practice wealth**. Let our team of experienced Practice Management professionals help to reduce the burden of running your day-to-day business operations remotely.

By engaging Practice Partners as your Virtual Practice Manager, we'll work *on* your business remotely, while you work *in* your business.

Why choose Practice Partners?

Medical sector specialists

Experienced in building and managing Practice support systems, we're specialists in driving measurable and sustained growth in the medical sector and support a diverse range of healthcare businesses - GP, Dental, Specialist and Allied Health.

Strategic roadmap

We'll create and implement a personalised strategic roadmap to drive desired business outcomes, scalable growth, optimal efficiency and measurable performance; freeing up your time to focus on patient care.

Expert advice on call

With 14+ years Practice Management experience, we've nurtured vast networks and partnerships enabling you to leverage expert advice on-call.

Build your IP & safeguard your business

We'll build your operations manual and consult on risk mitigation strategies to ensure that your IP remains with the business, even if your staff leave.

Ongoing staff development

We'll upskill your existing staff, offering training, coaching and mentoring by our team of qualified professionals.
